

EXPERIENCE AND HISTORY YOU CAN TRUST

Herrick & Salsbury, Inc. is a land surveying and land use consulting company which has been in business since 1962, serving homeowners, businesses, developers, and land conservation trusts.

Our six-person staff can assist you with the planning, conceptual design, and permitting needed for a successful project from start to finish.

We provide a variety of surveying and permitting services to many attorneys, design professionals, land developers, municipalities, and industries.

From conducting boundary surveys, ALTA land title surveys, topographic mapping and permitting to assessing the lay of the land for construction and conservation projects, Herrick & Salsbury, Inc. brings expertise and experience to every job.
