

# *LOT DIVISION*

The steps to achieving a lot division are very specific to the subject property. Some divisions are simple and straight-forward, while others can be quite complicated.

Regardless of the complexity of your project, our team at Herrick & Salsbury, Inc. is ready to assist your needs.

The Lot Division process:

- Plot of land is divided, survey plan shows the new legal boundaries
- Deed descriptions of the new lots are written
- Deeds are signed and recorded at the Registry of Deeds

“I believe Herrick & Salsbury, Inc. is a perfect company because they provide a full range of services and they do it in a courteous and professional manner and always come through on time.”
